Casella Waste

September 2015 – January 2017

Operations Manager Trainee

- Utilized company routing software to reroute entire frontload line of business in Auburn, MA. Resulted in ~10% increase in productivity, drastic improvement in service, and opened market for growth.
- Suggested upselling to sales representatives when opportunities arose.
- Conducted numerous route audits, identifying and rectifying route and customer issues.

Craftsy

January 2015 – June 2015

Supply Chain Coordinator

- Tracked purchase orders across four different categories with 50+ vendors from the time the purchase order was confirmed until they reached our warehouse.
- Facilitated vendor relationships for new category expansions.
- Coordinated with buyers to build and enforce tailored compliance standards.

Craftsy

April 2014 – January 2015

Customer Support Associate

- Led department in number of help requests answered while maintaining satisfaction standard (96%+).
- Volunteered to assist product development and engineering teams in testing various website features.
- Won department group "innovation challenge" building a central knowledge base for various customer issues.

Aviation Officer, Colorado Army National Guard, Aug 2010 to Sept 2015

Deployed to Kuwait in support of Operation Enduring Freedom, Sept 2012 to June 2013

Platoon Leader

April 2013 – September 2015

- Platoon leader 15 soldiers, responsible for unit motivation, conflict resolution, communicating objectives, and performance reviews.
- Maintained \$40 million in aircraft and equipment resulting in 100% readiness.
- Created schedules to ensure compliance with regulations for crew rest and maintenance were met while still meeting mission requirements.

Operations Officer

May 2012 – April 2013

- Supervised three soldiers processing mission requests while monitoring current operations.
- Facilitated mission requests by working with customers, mainly VIPs, and coordinating with numerous entities to ensure all their requirements were satisfied resulting in zero dropped or late missions.
- Assigned missions to flight companies through extensive knowledge of our customers, typically VIPs, and our unit capabilities.
